

NOTICE TO BIDDERS

**ADDENDUM TO REQUEST FOR PROFESSIONAL SERVICES AND ENGINEERING
AND PROGRAM MANAGEMENT OF THE WATER TREATMENT
SEWER AND DISTRIBUTION SYSTEM; WASTEWATER
COLLECTION SYSTEM; AND CUSTOMER SERVICE,
BILLING AND COLLECTING SYSTEM; MAINTENANCE AND CAPITAL
IMPROVEMENTS FOR THE CITY OF ORANGE TOWNSHIP,
NEW JERSEY**

Based upon numerous requests to enter into a longer term contract and the cost of implementing a citywide, multiyear capital improvement program, the City of Orange Township (“the City”) will not accept responses to the current Request for Qualifications (RFQ) at this time. To that end, please be advised that the City has engaged in a system-wide needs assessment to determine the capital improvements and anticipated cost that will be included as a provision in an amended RFQ. We anticipate issuing a revised RFQ by July 31, 2017.
