Eldridge Hawkins, Jr.

Office: 973-266-4005

Public Information Desk

973-266-4003

"We are moving to do everything possible to help the victims of the earthquake in Haiti. First we are working with local Haitian organizations in Orange to assist our local residents in contacting their loved ones in Haiti. Partners of the Caribbean and its leader Tony DeSormes are working to open a line of communication to Haiti. Orange has a large and active Haitian community with strong ties of family and friendship to victims."

From the Mayor's office, we are asking local ministers and community organizations to coordinate their efforts. Contributions of clothing, non-perishable food and medical supplies may be donated at the Mayor's office, 29 North Day Street in Orange. Please call (973) 266-4005.
